X-IDE

Lyric, Punk, Lounge, Indie and Techno are the new styles in Immagine98's X-IDE eyewear collection.

This historic brand is known for consistently combining innovation, artisan craftsmanship and obsessive attention-to-detail in distinctly different frames loaded with personality.

Lyric is a feminine metal frame enhanced by dual details applied along the outer edges of the front, while Punk boasts an undeniably avant-garde front construction. Lounge is an acetate slightly cat-eye frame, while Indie is an oval style and Techno features layered rim construction.
